Organizers of the Conference:

REQUIREMENTS FOR ARTICLES (PRESENTATIONS).

The articles will be published in separate reviewed edition till the conference date.

The articles should be prepared using Microsoft Word program, Times New Roman 12 pt font, using 1,5 line interval on ones side of A4 paper, the margins should be not less than 25 mm from all sides, not more than 14 printed A4 pages. The scientific review - not long – 2-7 pages (approximately 20 000 characters), pages should be numbered.

Please note that any pictures, diagrams or other illustrating data will be printed in gray scale. All tables, pictures, diagrams should be included into the text. Most recommended formats for illustrative material – Tagged Image Format File (TIFF), Word for Windows, Corel Draw, Excel. The pictures should be of good quality, sharp and appropriate for reprinting. All illustrative materials should be numbered and titled. Title for tables should be indicated above, for other illustrative materials - underneath.

Structure of the article:

1. Title of the article.
2. Author's name and surname, scientific and pedagogical title, name and address of Institution represented, position, phone and e-mail.
3. Annotation (200 - 400 characters). It should shortly reflect content of the article and main question analyzed in it. Key words - 5-8 main definitions, used in the article should be defined.
4. Introduction (relevancy, originality of the topic should be disclosed, the purpose and main objectives of research as well as scientific methods used should be indicated).
5. It is recommended to divide the text into chapters, for example 2., 2.1., 2.2.1. and etc.
6. Scientific Conclusions or discussions and recommendations should be indicated at the end of the article, they should be based on the research presented.
7. References used in the article should be indicated at the bottom of the page. All footnotes should be formatted under the Chicago style requirements. The list of references is not presented.
8. The comprehensive summary up to 2000 characters and key words in English should be attached to the article. The summary should reflect main questions, conclusions and recommendations of the article. It should also include title of the article, name and surname of the author in English alphabet, name of institution.
