Re: International CIM validation project
Attached documents: Structure and tasks Forensic Review Board
Contact data participants

Dear Dr. van der Peijl,

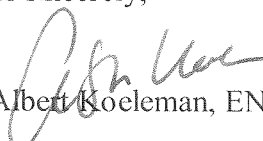

With reference to previous informal discussions regarding the validation of the 'Russian Complex Methods of Identification (CIM) of the Nature and the Source of Origin of Precious Metal Containing Products of Mining and metallurgical operations', I am pleased to invite you formally for participating as a member in the Forensic Review Board. On behalf of the ENFSI Board I would like to thank you in anticipation for your cooperation.

Attached you will find a document describing the structure and tasks of the Forensic Review Board. If you have any questions on this, do not hesitate to contact me.

All expenses related to the work of the Forensic Review Board will be reimbursed to you. This and other practical arrangements will be organised by the Russian Federal Centre of Forensic Science (RFCFS).

Finally, I would like to wish you success in taking part in the activities of the Forensic Review Board.

Yours sincerely,

Dr. Albert Koeleman, ENFSI Chairman
